

JUST DO IT.

Many of the groups on Sunday mentioned the tennis courts next to the Church as it related to their different focus.

It has been one week since the congregational “Worship & Workshop” and we have been busy! On May 29, 2022, we were invited to co-create with God our sense of strategic direction, as an act of community, as an act of faith, by naming the kind of world we want to be a part of (the Kingdom of God here on earth). We came with an open mind and were willing to be moved by discussions and the Spirit. This meeting was for real direction, real responsibility, real learning, real action on the issues that we said are important to us. One of the issues that became clear was important to us was cleaning up the tennis courts adjacent to our parking lot. We were called to “Just Do It” and a crew came out to do just that – clean up! Where is God calling us to Grow. LIFE. Together. With God next?

Woven into our neighbourhood, growing disciples who love like Jesus.

I have discovered that I am impatient, obsessive, and can get a bit fixated on something that I like to do or I think should happen, which is good and bad. It gets things done, but maybe doesn't give others time to catch up! So thank you to all who supported this endeavour with 3 days notice!

The 'Just Do It' Crew had a very successful morning and got all the court areas cleaned up. There is just raking around the fence and a few more weeks to get rid of. Feel free to go and weed whack, rake, pick up garbage (especially around the outside) anytime the Spirit moves you!

The tennis/basketball courts belong to the YMCA, the parcel of land that is up for sale belongs to the city - so there is a lot of opportunity here to weave ourselves into the neighbourhood if that is what the congregation decides.

I live in Haysboro and I still volunteer with the Haysboro Community Association and I want to share with you a few things going on this summer that you might consider being a part of.

- Collect bottle caps and other plastic lids of any size and colour for a community art project that will be installed in the playground on the other end of Haddon Road. (Need by July 8th)
- Help with the building of the new Haddon Road Playground (end of July/beginning of August).
- Provide lunch or snacks for the Playground builders.
- Buy the specialty beer at Bitter Sisters in July - where a portion of each bottle sold goes to the Playground. Volunteer for the Casino July 2 and 3rd
- Help out at the grand opening of the Playground late August/Early September.

Lots of notice on those items - - now — what to do with the courts??

Thanks

Fiona
