

## We've got mail - from Haiti!!

Exciting news! We have received our first letter from Joud, our 6-year old sponsor child in Haiti. Through the gift of her letter, we learned a few things about her! She also expressed her gratitude for the birthday money she received, with which her mom bought fabric to make her a new dress. She asks that we pray for her to grow in God's presence and that she be successful in life.

This past Sunday our Church School children shared in reading Joud's letter together and wrote back to her. We are sure she will be just as excited to receive our letters to her.

Please continue to keep Joud, her family, and all those who care for her at the Compassion Centre, in your prayers. If you are interested in learning more about Compassion Canada or sponsoring a child, please visit [www.compassion.ca](http://www.compassion.ca).
