

## Saying Goodbye to St. Andrew's Adult Library

St. Andrew's Session, in step with many other churches, has decided it will no longer support a formal library. The library has fallen out of any meaningful usage in a steady decline over the past 10 years. The Faith Formation Team is grateful for the dedication of our most recent long-serving adult library coordinator, Sylvia Shaw. Sylvia kept the library records meticulously, and kept the library organized and current for many years. Thank you, Sylvia!

We have pulled some interesting and current books which will be set up as a small honour system library – i.e., read in your own time and then return for others. However, before we set this up, we want to give away all books left on the library shelves. Starting this Sunday, Oct. 29, please help yourselves to any books (limit of 2 per person) you wish to take home to keep. Once the library shelves are empty, we will set up the honour system library. The children's library in the basement will continue to exist in its current form.

If you have any questions please contact Rhonda Wishart, Convenor, Faith Formation at
