Palm Processional

The children of our Church School have MANY wonderful and caring teachers and leaders. One of those leaders is Inge Murray. This year our Palm Sunday service was intergenerational, and the children processed the symbols of Easter to the front of the Sanctuary during worship. They walked up with their symbols ~ and with confidence. Because at the back of the Sanctuary Inge was sharing her leadership skills so that in 20 years time – our children and youth will be sharing THEIR leadership skills to another generation. Not that they're waiting that long to be leaders in our congregation. They already are!!
